PROFESSIONAL SUMMARY

Instructional designer and educator with a Master's in Education, Training & Instructional Technology and 13+ years of classroom experience across UAE schools. Skilled in end-to-end instructional design — needs/task analysis, storyboarding, e-learning development (Articulate Storyline & Rise 360), and SCORM implementation — with a track record of turning complex content into engaging, measurable learning. Combines design craft with a strong classroom background in math education, standardized-test preparation, and technology-integrated instruction.

INSTRUCTIONAL DESIGN PROJECTS

Function of Beauty — Onboarding Training (E-Learning Course) 2025–2026

Corporate Instructional Design Client Project

- Led the redesign of Day-1 onboarding for warehouse and corporate staff at a global beauty company.
- Conducted learner and task analysis; wrote measurable objectives, storyboards, and scenario-based assessments.
- Developed 3 interactive modules — Company Overview & Values, Workplace Safety, Quality — in Articulate (SCORM-ready).
- Ran formative QA (one-on-one and group testing) and planned Kirkpatrick Level 3&4 measurement.

Nutrition Fundamentals Course 2024

Self-Paced Digital Course

- Designed a self-paced nutrition course with interactive scenarios, knowledge checks, and LMS tracking.
- Produced explainer videos (Camtasia) and applied visual-first, accessible design principles.

Teacher Technology-Training Workshops 2015–Present

Professional Development for Educators

- Designed and delivered PD workshops on integrating e-learning platforms and interactive tools into instruction.

EDUCATION

M.A. Education, Training & Instructional Technology Expected 2025

Indiana University of Pennsylvania (IUP)

B.Ed. in Mathematics, Am.

Ain Shams University, Cairo — 2009

TEACHING EXPERIENCE

High School Math Teacher 2024–Present

Applied Technology Schools (RAK)

- Teach advanced mathematics; implement instructional technology and standards-aligned curriculum.

High School Math Teacher 2021–2024

Ajman American Private School

- Taught advanced math incl. AP Calculus; prepared students for SAT, EmSAT, MAP.

Middle & High School Math Teacher 2015–2021

Teryam American Private School · Al Resalah International School

- Taught algebra through calculus; ran technology-integration PD; designed interdisciplinary projects.

Middle & High School Math Teacher 2010–2015

Al Kamal American International School, Sharjah

- Built strong math foundations; after-school tutoring and exam support; promoted self-paced tech learning.

SKILLS

Instructional Design	ADDIE, SAM, Backward Design, audience & task analysis	Test Preparation	SAT, EmSAT, MAP, AP Calculus AB
Course Development	Storyboarding, scripting, scenario-based assessments	Classroom Tech	Interactive whiteboards, LMS, video editing
Authoring Tools	Articulate Storyline, Rise 360, Camtasia, Vyond, Figma	Evaluation	Kirkpatrick Model, formative/summative assessment
E-Learning Standards	SCORM, xAPI, LMS administration, WCAG/Section 508	Languages	English (IELTS 6.5), Arabic

CERTIFICATIONS

AP Calculus AB Teacher Certificate	2020
Child Protection for International Schools	2018
Safeguarding Young People	2017
